

Community Works Wood Shop

Community works clients and team members work together to handcraft wood products that are made available for sale at our Gift Shop and local farmers and crafters markets. Watch for our online store coming soon.

The wood shop provides work experience and skill development for our clients while also offering employment to individuals with diverse abilities who experience significant barriers to finding and sustaining employment elsewhere.

Under the direction of supervisors, the shop provides a venue to teach a variety of skills to our participants of the Bridging the Labour Market Gap program – safety, awareness and planning, goal-setting and confidence building as well as actual wood working, refurbishing and finishing.

Shop Location

The wood shop is located at 517 4th Ave. NW (Columbia Machinery) in Nakusp, BC and is the first building on the right. Please note, the shop is **not** open to the public at this time but our products are on display and for sale at **the Community Works Gift Shop** located in the ASLCS building at 205 6th Ave, NW.

How Can You Get Involved?

Anyone can get involved in our program by shopping at the Gift Shop and markets, sharing our posts and information with the community and online and volunteering time to work in the gift shop or share skills with our participants

To stay connected, join our group, Community Works, on Facebook. You must first like the Arrow & Slokan Lakes Community Services page and then click under “groups” to find us and the other wonderful programs supporting our community.
